“ *I met Bertie working on the Braggs History Project. Countless times  
I called on her to help verify names for our WWII veterans  
monument. She was always willing to help. She believed in  
documentation as much as I do so we hit it off from the start. We  
became friends.*

*Today I honor and thank her for time and support in researching  
Braggs history, for supporting projects benefitting South Bethel  
Cemetery and her always kind and generous aid to the Braggs  
History Project.*

*She will be greatly missed.*

*With love and prayers to her family —*
