“ I'll never forget getting to watch you with my kids. Lyla loved you so much Bub. You always said she was the sweetest girl mainly because Aliaya was just like me and all yall did was bicker and argue just like we use to do growing up. You made such a huge impact in everyone's lives that met you. Can't forget you going tubing on yours and Atticus birthday with all of them with your broken foot and all. I was so mad at you for not wearing your boot but you said you couldn't enjoy the kids with it on. You spoiled Atticus with all his favorite dragonball stuff that he will cherish forever. This backpack you got him will hang on his wall forever! We love you so much bub!

“ Unc you was the most kind hearted person I knew little bit of a wild side with a lot of humor but that's what made you who you were. You always helped everyone out no matter what you had going on in your life sometimes maybe even a little to much. You cared so much about all of us, you knew how to make anyone laugh. You were always the life of the party. You could turn a bad day into a good day within a couple mins! I wish I had a few more seconds to tell you how amazing you truly were.

I love you unc

You'll never be forgotten❤️

“ Man there are so many to choose from. Idk where to start. I think my favorite memory is the time we climbed that pine tree when we weren't supposed to. We were supposed to be grounded but we snuck outta the house and raced up to the top. We were careful so we didn't get any scratches that would tell on us. We sat up there for hours telling jokes talking crap to one another. I believe there was even some shoving happening between us not unusual for us lol. We must of lost track of time because mom got home from work and we were still in that dang tree. So we started rushing to get down and my foot slid and I scraped up my side and thigh you got scared I was really hurt so you started trying to get to me and lost your footing and ending up falling so hard outta that tree. We got busted by mom and grounded for another week after she cleaned us up then she separated our bedrooms and I was so mad because you got to go hang out with JJ while you were grounded and I got left to think about what I had done by convincing you we wouldn't get caught lol. I will never forget our last conversation brother. You are gone way to soon. I will love you forever Donald Ray my brother!

“ I wish I could go back to all the times I wore you and Krisshell's butt up for jumping off the dresser to the bed. Life isn't going to be the same without you. We will miss your laugh, smile, and smart elect remarks. You were supposed to be doing this for me. When I get to heaven you are getting a good butt whooping. Love you so much Aunt Cindy
