“ Many of years as a child spent @ Papaw Genes, as he always made time for us on our holiday breaks when we rushed through town. A big grin, a smile and a hug with some story telling sitting in his lap, often a story that I would never know if it was true or not. He will be missed! I had high hopes that he would see his great grandson reel in a big Bass for Univ of Ark so they could chat fish stories. Love his granddaughter,
Renee Ferguson (Gaunt)

Found a few photos of Papaw Gene and Aunt Shirley that mom gave me a few years ago. A couple other photos from folks on FB. I will try to find more and post.
