“ *I remember the first year we moved into the house on Muskogee street, (back in the 1900s) dad planted tomato plants in the back of the house. He had a bumper crop that year when most other's gardens didn't fare so well. To this day I try to plant my tomato plants with morning sun and evening shade.*

“ *I remember dad making one of my high school track meets. It was in Owasso. I won the heat that I was in. It was nice having him there to share that with.*
