“ *Julie was a special lady to many people, especially to her loving husband Scott. She was his best friend and, at times, a superb mentor as she helped Scott see the world through the eyes of the children she taught. She left behind a legacy for caring for all of us to appreciate.*

*Her friends like Lynda and I prayed for her recovery, but to no avail. God needed her to tend to other matters than those here in our World. It will be great to see her again someday and to personally thank her for all that she did for all of us--especially Scott. God Bless You Dear Lady. Please know that you will be dearly missed.*

“ *My deepest condolences to the family of Julie. I worked with Julie at Ben Franklin Science Academy for many years. Helping her in the green house out back of the school. We had such good times doing that. She taught me a lot about plants. She was such a good hearted sweet lady. My heart is sad. I will miss her dearly. My prayers to her husband Scott.*
