“ *So many fun memories of time spent with Margie. We went to see Jeff Dunham, Trans Siberian Orchestra, the Wilburton Fall Festival. We always laughed. We use to call her Eeyore at work. One day she came in and put a figurine from Winnie the Pooh on each person's desk assigning them that character keeping the Eeyore for her desk. I was Tigger. I still have the figurine in my curio cabinet. She made the most beautiful cakes. She made my youngest daughter a dragon cake and then Jalapeno on a Stick for me and my older daughter's shared birthday.*

She had so many photos of her children and grand children all over her living room, it was beautiful to see.

She was always helping and homing a lost and wayward family member, taking care of them when she needed caring herself. I remember her laughing once because Katie told her she was going to get a sign for her yard that said "Hayward's home for Waywards"

Words cannot describe how much she will be missed.

“ Margie and her husband Gene meant so much to our family. I remember as a kid going over to their house on Monta Street. Margie always had food cooked for an Army. Everyone was welcomed to eat. She will be greatly missed by many.

“ Miss Margie played the biggest role in helping organize our 20th and 40th class reunions. She took over in gathering information and printing our reunion books, making placemats from the Tiger Paws gossip column, also making our name tags, plus many other tasks. Our class had several get togethers over the years to which she attended and also made us a 60th bd cake w/retirement paraphernalia on top. Then when her health started to decline she had to miss alot of events, but she remained a loyal customer getting her hair cut every month, catching up on the class gossip. You had been weighing heavy on my mind all week Margie, then I found out that you had passed. It saddens me deeply that you're gone, but you'll never be forgotten. RIP my friend.
