“ Mike was one of my best friend. Like a big brother. I'll never forget riding around with him and brad Campbell listening to disturbed. Ghost hunting every weekend and kickboxing in my front yard. Mike looked after me and my family a lot while we lived in checotah. Mike was not just one of my fav humans in this world but I looked up to mike loved when he would show me how to fight one of my fav the spinning back kick. I got the pleasure of seeing him put a few people in there place that deserved it. He was such a good guy and a damn good friend. Not long ago he moved up to Tulsa and I got the pleasure of spending time with him and his love Teresa. I'd never seen mike so inlove. Teresa is one amazing and beautiful person. And mike loved her and she loved mike with all her heart. I give her props for being able to put up with mikes ass lol but she knows mike was a comedian and She laughed mostly with him. I'll never forget the pic she photo shopped of mikes head on a cross dresser I have it saved in my phone. I could have swore it was mike dressed up. Man the heartbreak of hearing mike is not with us anymore has really put a empty place in my heart I will never forget mike and will hope one day we meet again. This world is not the same without you brother. You will always be in my memories and in my heart you were one of the most awesome and respected people I looked up to in my life you will never be forgotten. I love and miss you man.
