

Rhonna Kay Perry

November 17, 1961 - July 4, 2017

Rhonna Kay Perry, 55 of Park Hill, OK was born November 17, 1961 in Tulsa, OK to Paul and Mildred (Talbot) Roberson and passed away Tuesday, July 4, 2017 in Tahlequah, OK.

"My mother was one of the most loving & giving people you would ever meet. She would give you her last dime as long as it would help you out and she went without many times. She was the mother that gave all her kids & granddaughter unconditional love. She had a big heart, smile, laugh, and loved being with her loved ones. She did not need much & she gave 100% of herself all the time. You were many things mother, but most of all you showed us kids and anyone that knew you, unconditional love & that the only way to live was to walk with the Lord." -Rebecca Moore

"My mom... Well she was the kind of woman that could take anyone's place but no one could ever take hers. You could always find love in her touch and compassion in her words. She was good at just about anything she did except for driving but she made up for it in the kitchen. There wasn't a thing in the world she couldn't cook. My friends and I definitely never went hungry. She was an inspiration for me, a rock, a call out of the blue just to say hi, a motivator when I didn't believe in myself, an amazing mother and exceptional nonni. Her firm foundation in her beliefs is something I'll carry with me for the rest of my life. "Live well, Laugh often, Love much" was one of her favorite

quotes and she lived by that. There's not a day that'll go by where I won't think about her, about the what ifs and what could've beens but then I'll remember what was and that was her love for me and all the good. I loved her more than I ever thought she could possibly know but I think now she had some idea. I'll never know why you were called home so early mom but, that's not for me to question. So until that day we meet at the golden gates just know I love you and I'm thankful to know you'll be watching over me."

-Michael Perry

"My mom was a lot of things, she was a snuggler, a scratcher, a cook, a diary, a lover, & a fighter. She loved her family more than anything & would literally move mountains for them if that's what it took. She loved a good laugh, a good book, & a good movie. She's a softie, wore her heart on her sleeve. She hated to shop but loved to sit around & people watch. Her ideal Saturday was snowed in with her kids & close relatives cooking/baking all day, watching hallmark Christmas movies & playing games with the fireplace lit. My mom always made sure she had dinner on the table & that us kids not only had what we needed but also what we wanted. She defended us, fought for us, cried for us, rejoiced for us, & cheered for us, she was always our biggest fan." -Jordan Perry

"My mother. She was a loving kind sweet and thoughtful woman. She showed love to any and everyone. My brother and sisters had a mom that within a split second would be there. My mother taught me more in life than any book I could read. Her favorite thing to do was be with her kids and just laugh and smile. My favorite memory with my mother would be everyday I got out of pre school she took me to the store to get beef jerky and a coke smoothie. Even when she didn't have the most money she gave us all she had. Mom just know you will always be missed and I love you to the moon and back forever. Till next time momma, Rest easy."

-Matthew Perry

“ *As I sat out on the patio today I was suddenly reminded of all the long talks we had about life and its ups and downs. We would set for hours just contemplating the universe and how things were. I've missed those days dear niece and I'm always glad for the time we had together. I'm sorry you never got to see your mom as much as you wanted but she knew how much you loved her and she loved you. I will see you on the patio soon my sweetest neice.*

“ *Rhonna will be missed by all of us. She had a big heart and a big smile which she passed on to her beautiful children. Rhonna would want them to pass these beautiful things on in each of their lives and I know they will. They are all special in different ways. I watched them grow up and am happy to have been a part of their lives.*
