“ *I have done Ruby's hair for app 25 yrs, and oh the things I learned from her! She was the most comical person I have ever known, never knew what was going to come out of her mouth. While washing her hair one time she said, "I need a kleenex, my nose is running, and my feet are smelling! I just seem to have everything backwards!" Another time she said, "I'm going straight home and taking this bra off. If something tight is going to hug me it's going to be a man, not a bra!" While sitting under the dryer one hot, summer day, she had her feet on the footstool. She said, "Lookie there at how swelled my feet are, that heat caused that." Then she took both of her hands and put on her stomach and said, "See! Look here at what it did to my stomach!!!" LOL...I loved her, she was so sweet and kind. It breaks my heart that she is gone, but know she's in a lot better place now. Thoughts and prayers of comfort are with the family. (ps, my husband said that NO ONE could make peanut brittle better than Ruby)*
