Ruby loved being a mother and raising her six children, she was a true home maker.

Ruby loved traveling with her military husband and her children while being

stationed at various locations throughout the United States. Some of her favorite places were Alaska, Colorado, Montana, Wyoming and Washington D.C. as these were the states where her children were born. She also loved her home state of Oregon and her husband's home state of New Jersey. In her younger years Ruby helped her husband with rebuilding hot rods and mechanical work. She loved fishing with her husband and going to clubs to hear him play his saxophone. Ruby loved dancing while her husband was playing music. Ruby also loved Elvis Presley and had a lot of Elvis music and Memorabilia.

Ruby loved being around her grandchildren and having family cook outs on holidays and whenever possible. She was not afraid to work on her own car and tinker with appliances that needed repairs.

Ruby had a lot of life experience and wisdom and wasn't afraid to do anything. She wasn't afraid to voice her opinion while always keeping a good attitude towards everything. Ruby loved to just sit drinking coffee and chatting with people. She was always happiest when people were around and people just loved her.

“ I'm really going to miss my beautiful mother in law. She was an incredible woman who somehow, as petite as she was, managed to birth six children and and still presented herself with grace and elegance! I'm truly thankful that I was blessed to have 15 years of being part of her life. I'm really going to miss our late night coffee talks at the kitchen table until we hours of the mornings sharing stories about what was most important to her, family. I love you, and will miss you terribly, but it's just temporary, I will see you later, your son in law, Jimmy. ...

“ She was the greatest grandma throughout the years! I listened to her tell stories of my grandpa and about the awesome cars they had together, and stories of my aunts and uncles growing up. I remember going to Grandmas house a lot as a kid, being driven to school, or zipped around to the post office or to the flea market to find good deals. She would always be outside planting beautiful flowers or keeping up with her yard to keep it in nice shape. Im forgetting a lot but I am really going to miss you granny, So much. You will always have a special place in my heart and I will remember your smile, your love and your heart forever. I will always appreciate the sun's warmth because no matter how warm it was outside you loved to feel the sun. I know you are looking down smiling on every one of us and I know you are happy to be with grandpa and aunt ruby. I will someday be up there with you but until then our memories together will be on my mind and my heart. I love you a real lot and miss you.
