“ To the Family of Curt Cook,
Curt and I go back over thirty-five years and he has been a kind and caring friend throughout those years. We became friends during the time when I was in the aircraft leasing business in Dallas and he rented an airplane from my leasing service. We shared many mutual interests.
We went our separate ways for several years but on those times that I had business in Dallas he would graciously invite me to share his home and we would enjoy some good food and many hours of comfortable visiting. I will miss him as a friend and confidante.
To those members of Curt’s family I wish to express my appreciation for making me a gift of his vintage Mercedes and their helpfulness and kindness in making the transfer of ownership easy and efficient. And I would like to add that I have learned to really appreciate the gift of his Vitamix blender (he advised that my life would not be complete until I owned one!!!) Walter Parce 6/7/2024

I'm a very saddened to learn of Curt's passing. I worked for him at Lear and we became good friends. He had a great personality and we had many lunches at Highland Park Cafeteria! My condolences to his family.
