“ I remember Troy as fun-loving, good-natured and a joy to be around. Our quaint little hometown in those days grew many closely connected kids from many “salt of the earth” families, just like Troy’s. Even though he was in the class one year ahead of mine, I recall everyone knowing and liking him. Our classes often shared activities, so it seemed like we were all in the same one. There are just some kids, like Troy, you remember fondly for their genuine smiles, warm spirits and many kindnesses that linger throughout the years. Even though I did not see him after we all left that beloved old rock high school, I wish his many friends and family to know that he was incredibly good and kind, well liked and always seemed to have a ready smile and nice greeting for all of us. Wishing much comforting peace and endless treasured memories to all now grieving the loss of such a wonderful guy. With much heartfelt sympathy, Carolyn Cahoon Watts. FGHS Class 1971

Troy was a great guy. He played football with my husband. Troy was guard and my husband played tackle. They played right beside each other. The class of 1969 and 1970 had a class reunion together. We were so glad to see him. Special person just like the entire Eubanks family.

Steve & I were both classmates of Troy at FGHS. He was one of those people who it's hard to ever forget. Troy was a genuine, kind, warm, fun loving guy with an infectious smile that couldn't be ignored. He was one of the few, truly fine people that we have ever had the privilege to know. Having worked with senators, generals, deans, administrators and many philanthropists, etc. Troy still shines brighter than most.

The only thing bigger than Troy's warm and welcoming personality was his big heart ❤️. We were lucky to be considered his friends.

At our 50th Class Reunion Planning meeting we were both thrilled to see and be able to spend time with Troy after so many years had passed. We asked him where he got all of his gray hair and he said he earned it, being around all of us!

Steve remembers how easily he was able to hit home runs over the right field fence, as a left handed hitter! A guaranteed home run when Troy was at bat!

#73? Was a powerhouse blocker in football too. There were only three of us offered Athletic Scholarships; Troy, Mickey and me. He was an outstanding athlete.

We will miss his presence in our lives however, we will never forget the joy he brought to us all. May the many wonderful memories of Troy bring comfort and healing to his family and friends. We have been blessed knowing Troy and will keep his family and many friends in our thoughts and prayers 🙏.
